## 2017-2018 School Year Tuition Information

**Application Fee** \$50 per child

**Enrollment Deposit** – applied towards final tuition payment \$500 per child

### Tuition Payments

Our World Montessori allows for 10 monthly payments with no interest charges. The first 9 payments equal 10% of your child’s school year tuition and are paid on or before the 1<sup>st</sup> of each month from July 1 through March 1. The last payment on April 1 is the balance due after the \$500 enrollment deposit has been deducted from the monthly payment.

### Tuition Prepayment Discount

A 3% discount is available for tuition paid in full on or before April 1, 2017.

### Tuition Assistance

Tuition assistance is available to returning families and families with multiple children enrolled in our program. Tuition assistance is awarded on an annual basis to families who fill out a tuition assistance application. Decisions regarding assistance awards will be made based on financial need and family dedication to the Montessori philosophy and to Our World Montessori. A significant portion of our tuition assistance budget is set aside for third-year (Kindergarten) students. We work hard to ensure that all families, regardless of income, committed to enrolling children through their Kindergarten year at Our World are able to do so.
